

LITTLE LEAGIES

For Scott, Luke & Ash, playing Rugby League at the highest level was the ultimate accomplishment! Between them they have more than forty years' experience playing in the National Rugby League. Giving back has always been a key focus for the boys and through Little Leagies, they are now able to provide that same level of excitement in a carefully prepared program for kids around the state.

Little Leagies is a rugby league and touch football development program for children aged two to six years. Male and female participants are introduced to rugby league and touch football in a fun, safe and non-contact environment while developing key motor and social skills. Developed in consultation with junior rugby league, junior touch football and early childhood professionals, the program is designed to develop fundamental skills that will enable a smooth transition into junior rugby league and touch football competitions.

Little Leagies,
